

Indonesia's Village **POVERTY ALLEVIATION**

9 Agendas of Nawacita

3rd Nawacita: “The Government’s Commitment on Equitable Development”

- 1 Bring the country back to protect the entire nation and to give security to all citizens
- 2 Build a clean, effective, democratic and reliable governance
- 3 **Build Indonesia from the periphery by strengthening the regions and villages within the framework of the Unitary State**
- 4 Strengthen the country's presence in conducting system reform and law enforcement that is free of corruption, dignity and trust
- 5 Improve the quality of human life and the people of Indonesia
- 6 Improve people's productivity and competitiveness in international markets
- 7 Achieve economic independence by moving the strategic sectors of the domestic economy
- 8 Revolutionize the character of the nation
- 9 Strengthen diversity and strengthen social restoration

CHANGE IN THE VILLAGE DEVELOPMENT PARADIGM : VILLAGE AS THE MAIN SUBJECT OF DEVELOPMENT

Law Number 6/2014

FIRST, GIVING AUTHORITY OF RECOGNITION AND SUBSIDIARITY.

Recognition means respect for the existence of the village. While subsidiarity means the use of local scale authority.

THE SECOND, POSITION OF THE VILLAGE AS A COMMUNITY-BASED, government which is a mixture of self-regulating communities and Local self government

INDONESIAN REPUBLIC LAW NUMBER 6/2014 ;

Village development aims **to improve the welfare of the village community and the quality of human life and poverty reduction** through meeting basic needs, building village facilities and infrastructure, developing local economic potential, as well as sustainable use of natural and environmental resources

Village fund policies are allocated from the Central Government
