10:40—11:00	<b>( TBC )</b> —— <i>Sun Zhen, Deputy director general of NDRC</i>
11:00—11:20	<b>Development tendency and strategy for urban adaption to climate change</b> —— <i>Han Aixing, Deputy director general of department of BEE and S&amp;T , MOHURD</i>
11:20—11:40	<b>China water security and strategy in adaption to climate change context</b> —— <i>Wang Yi, Director of the institute of S&amp;T policy and management science of CAS</i>
11:40—12:00	<b>Experience and lessons of Urban Adaptation in South Asia countries</b> —— <i>Norio Saito, principle Urban Development Specialist, ADB</i>
12:00	<b>Lunch</b>

## Forum 1: Urban Development and Climate Monitoring and Weather Warning

Moderator: TBD

Time	Speechmaker
13:30-13:50	<b>Impacts of climate change and adaptation strategies for cities</b> — <i>Zheng Dawei, Professor, China Agricultural University</i>
13:50-14:10	<b>Green urban development</b> — <i>Yu Li, Sino-UK eco-city and sustainable development institute of Cardiff university</i>
14:10-14:30	<b>Finance policy on adaption to climate change</b> — <i>Su Ming, fiscal science institute of MOF</i>
14:30-14:50	<b>Practice sharing: Zhu Hai (TBC)</b> — <i>Director, Urban Plan bureau of Zhu Hai city</i>
14:50-15:05	Coffee Break
15:05-15:25	<b>Promote the ability of preventing disaster and reducing damage by urban meteorology</b> — <i>Yuan Jiashuang, director of CMA</i>
15:25-15:45	<b>Practice sharing: Climate Monitoring and Weather Warning in China</b> — <i>tbd</i>
15:45-16:05	(TBD)
16:05-16:25	(TBD)
16:25-16:30	Concluding Remarks

16:45-18:00 Internal meeting for Climate change work arrangement by department of climate change, NDRC

## Forum 2: Building& Urban Environment

**Moderator:** Tong Guichan, director of department of BEE and S&T, MOHURD

Time	Speechmaker
13:30-13:50	<b>Urban eco-adaption to climate change</b> — <i>Liu Jian, UNEP</i>
13:50-14:10	<b>Plan&amp; Design strategy for urban adaption to climate change</b> — <i>Serge Salat, president of Urban Morphology Institute in France</i>
14:10-14:30	<b>Anti-planning</b> — <i>Yu Kongjian, architecture and landscape design college of Beijing University</i>
14:30-14:50	(TBD)
14:50-15:05	Coffee Break
15:05-15:25	<b>Practice sharing: Eco-plan for Yun Long demonstration area in Zhu Zhou city</b> — <i>Director, management committee of Yun Long demonstration area in Zhu Zhou city</i>
15:25-15:45	(TBD)
15:45-16:05	<b>Passive House in China</b> — <i>Chen Shuo, CEO of Center of Zero Carbon in China</i>
16:05-16:25	<b>Wood House adaptation to climate change</b> — <i>Fred Spoke Bio, Managing Director of Canada Wood Ltd.</i>
16:25-16:30	<b>Concluding Remarks</b>

**16:45-18:00 Internal meeting for Climate change work arrangement by department of BEE and S&T, MoHURD**

### Forum 3: Resilient City: Resilient infrastructure solutions

**Moderator:** Kong Xiangjuan, deputy director of CSTC, MOHURD

Time	Speechmaker
13:30-13:50	<b>(Presentation name TBD)</b> —Zhang Yue, director general of department of urban construction, MOHURD
13:50-14:10	<b>Climate change impact on future urban water environment</b> —Dai Xiaohu, dean of environment science and engineering of Tongji university
14:10-14:30	<b>Future sewage treatment in China for adaption to climate change</b> —Qu Jiuhui, academician of ecological environment institute of CAS
14:30-14:50	<b>Source control technology development of urban sewage treatment</b> —Li Zifu, professor of University of S&T Beijing
14:50-15:05	Coffee Break
15:05-15:25	<b>LID&amp; climate change</b> —Che Wu, professor, Beijing university of architecture
15:25-15:45	<b>Urban water security in the climate change&amp; extreme weather</b> —Wang Jianbin, PH.D of Austrilia water sensitive institute
15:45-16:05	<b>Typical Case: Metropolis flood prevention and drainage in extreme weather</b> —Zhou Qiang, secretary general of DRC in Shanghai city
16:05-16:25	<b>ADB current approach of considering CC adaptation into loan project, Cases and experience, Satoshi Ishii, Senior Urban Development Specialist, ADB</b>
16:25-16:30	<b>Concluding Remarks</b>
