Institutional  
Facilities

2 Geriatric  
Hospitals

2 HR  
Development  
t

components  
16 CECCs

1 ICT  
Platform

# Key Innovative Features

**Result-based Lending:** strengthen YMG's capacity to design, manage, and implement a true PPP ; leverage ADB financing to transform service delivery by the YMG; enable other municipal governments to replicate future similar programs without ADB financing in a sustainable manner

**Public-private Partnerships:** leverage private sector's innovation and management skills to deliver quality services, and to close the gap between local fiscal capacity and increasing demand.

**Comprehensive Capacity Building Program:** Elder care and medical care facility operationalization; elderly care system management; PPP design, procurement and implementation; human resource development.

**Elderly Care and Health Care Integration:** allow acute and chronic medical care needs of the elderly please to be addressed in the the EC facilities or in the vicinity.

# Expected Results

Impact	<b>Comprehensive Demonstration Project</b> A three-tiered elderly care system (home-based, community-based, and residential-based care services) established	<b>PPP Project</b> Socially inclusive delivery of social services using PPPs
<b>Outcome</b>	<b>Coverage and utilization of elderly care services increased</b> <ul style="list-style-type: none"> <li>20% increase in EC services user</li> <li>10% increase in EC service providers</li> </ul>	<b>Quality EC service delivered by local governments using PPPs</b> <ul style="list-style-type: none"> <li>80% of EC recipients rate services received through PPP ECS facilities as satisfactory</li> <li>EC service PPP development manual</li> <li>75% of ECS facilities meet approved service standards</li> </ul>
<b>Output</b>	<b>1. HBCB care services and facilities improved</b> <ul style="list-style-type: none"> <li>16 community elderly care centers</li> </ul>	<b>1. Local government capacity to design, procure, manage, and deliver effective services through ECS PPPs developed</b>
	<b>2. Elderly care service capacity increased and its support system improved</b> <ul style="list-style-type: none"> <li>1 dementia care center built and serving 100 elderly in need</li> <li>1 elderly care-ICT platform established</li> <li>3 elderly care-related training programs developed and conducted</li> <li>60 certificates of completion in elderly care-related training programs awarded</li> <li>25% increase in trained caregivers and care managers by CMTCC</li> </ul>	<b>2. A socially inclusive PPP demonstration program for ECS subsector in Yichang successfully implemented:</b> <ul style="list-style-type: none"> <li>2 residential care facilities with 1275 beds</li> </ul>
	<b>3. Facilities and services supporting the integration of health care and elderly care established</b> <ul style="list-style-type: none"> <li>2 geriatric hospitals providing geriatric medicine to 500+ elderly people in need;</li> <li>1 EC nursing home built and serving 100+ elderly in need</li> </ul>	
	<b>4. Capacity of elderly care management and project management support developed</b> <ul style="list-style-type: none"> <li>EC needs assessment system</li> <li>EC services performance evaluation scheme</li> </ul>	

# Where are we now?

- EC and medical facilities under construction and some are ready for operation commencement.
- PPP transaction to be launched in October 2022.
- Human resource development target of Three Gorges Polytechnics subproject achieved.
- Institutional strengthening and capacity development under implementation.

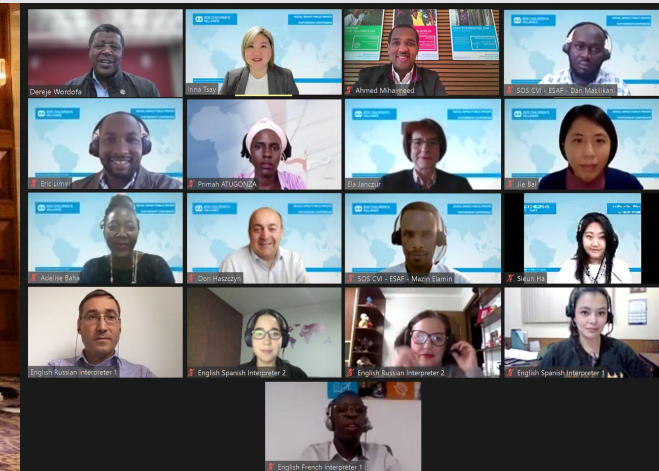

# Demonstration Effect

- 2019-now Experience of Long-term Care Strategic Plan replicated in 6 DMCs through RETA-9111
- Apr 2021 MOF PPP Center's on-site survey led by Director Jiao Xiaoping
- Jun 2021 Cross-learning workshop and study tour among all ADB's elderly care projects in PRC joined by MOF
- Nov 2021 Case study presentation in Social Impact PPP Conference by SOS Children Villages International
- Jun 2022 Listed in the 1st batch of "National Key Contact Cities" for actively responding to aging population in PRC

# Key to a Successful Long-Term Partnership

Aging in Place

Mainstreaming Aging

**Objectives:**

**Foster a high quality of life for the elderly requiring LTC**

**Enable Yichang to become a center of excellence of LTC in China.**

Effectiveness and Efficiency

Active Aging

**Alignment in high-level objectives and principles**

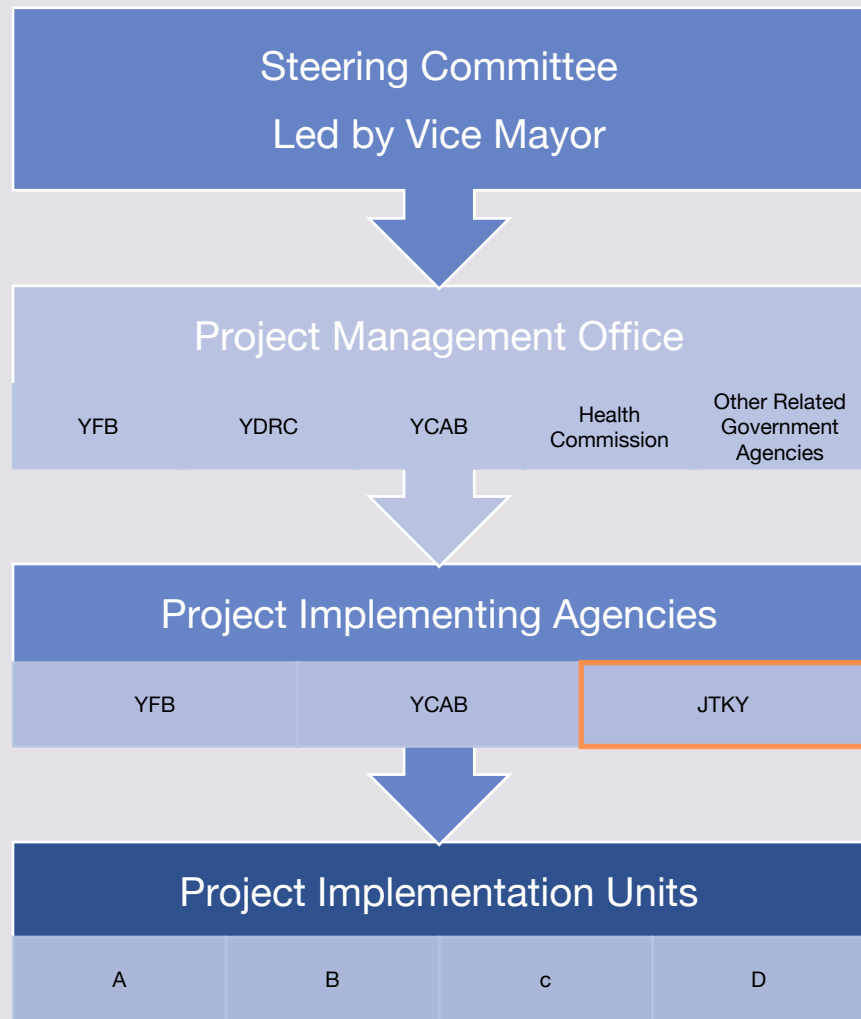

**Effective Implementation Arrangement**

**Open and constructive dialogues**

**Forward looking**
